

Notice to Our Members April 22, 2020

Fairfax County: Land Development Services has created a checklist for businesses that voluntarily choose to temporarily close construction sites due to COVID-19, which you can see [here](#). They have also sent out a guide for maintaining fire safety under a temporary closure, which you can see [here](#).

Safety Stand Down: The National Association of Counties published a write up about our safety stand down last week, which you can read [here](#). Thank you to everyone who participated.

NAHB: NAHB has been hosting webinars to help members understand various provisions of the new stimulus bills recently signed into law, and to educate home builders on CDC, OSHA, and other agency guidelines to mitigate the spread of COVID-19 on the jobsite. [CLICK HERE For all NAHB Webinar and Town Hall Replays.](#)

Blood Drive Campaign: There is no known end date in the fight against coronavirus and the need for blood and platelet donors is greater than ever. In response to this outbreak, NVBIA, in partnership with HBAV, is putting out a call to membership to give blood to save lives. For more information on how you can partake, please click [here](#).

Worksite Safety Guidelines: As a reminder, the Governor has deemed our industry as essential but emphasized that our workers must adhere to the worksite safety guidelines. As this situation with COVID-19 changes rapidly, let's not provide public health officials reasons to recommend tighter restrictions. It is imperative that our industry demonstrate that we are doing everything possible to protect public health and public safety. If concerns mount about the safety of activities in the building industry, a future order could shut down our work. To prevent that from happening, everyone must take the utmost care in their operations. [Please review and follow these recommendations carefully.](#)
